9 v.

10 CVS HEALTH CORPORATION, *et al.*,
11 Defendants.

Case No. 2:24-cv-01590-JCM-NJK

Order

[Docket No. 55]

12 Pending before the Court is Plaintiff's motion to extend case management deadlines by 60
13 days. Docket No. 55. The parties previously stipulated to the same relief, Docket No. 49, which
14 was denied without prejudice, Docket No. 50. The basic gist of the request is that more time is
15 needed because the litigants failed in their obligation to cooperate with one another, which has led
16 to a delay in producing documents while the parties fight unnecessarily about a protective order
17 despite already agreeing to one.¹ Both sides failing in their professional obligations is assuredly
18 not good cause to modify the case management schedule, but the Court will afford the relief sought
19 as a final courtesy in light of the circumstances.²

20 Accordingly, the motion is **GRANTED**. Case management deadlines are **RESET** as
21 follows:

- 22 • Amend pleadings/ add parties: closed
23 • Initial experts: July 11, 2025
24 • Rebuttal experts: August 12, 2025
25 • Discovery cutoff: September 9, 2025
26

27 ¹ Concurrently herewith, the Court issues a protective order.

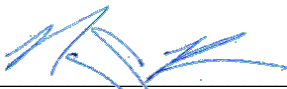

28 ² The Court declines to otherwise get into the weeds on this request.

- Dispositive motions: October 10, 2025
- Joint proposed pretrial order: November 10, 2025, or 30 days after resolution of dispositive motions

Counsel must use this additional time wisely and take all reasonable steps to meet the deadlines set herein. **THE COURT IS NOT INCLINED TO GRANT ANY FURTHER EXTENSIONS.**

IT IS SO ORDERED.
